EPA I.D. Number: KSD000203638

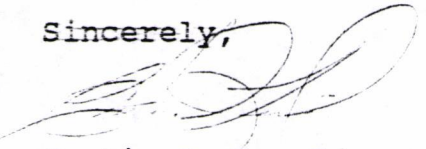

Dear Ms. Carter:

On January 8, 1992 Ashland Chemical, Inc. submitted statements from an independent registered professional engineer and from a facility representative certifying that the permitted hazardous waste container storage area located at 3155 Fiberglass Road, Kansas City, Kansas was closed in accordance with the approved closure plan. Furthermore, a report detailing the closure activities was submitted on May 18, 1992.

Therefore, as required by Kansas Administrative Regulations (K.A.R) 28-31-8, incorporating by reference 40 Code of Federal Regulations (CFR) 264.143(d), this letter releases Ashland Chemical, Inc. from the requirement for both financial assurance for closure costs and sudden and non-sudden liability coverage.

If you have any questions, please call me at (913) 296-0679.

Sincerely,

Curtis D. Lesslie
